# KEEP LEFT

## I CAN'T BELIEVE MY EYES

Many of our forest roads only have two wheel ruts, stop driving to the RT!!! (**drive to the conditions**)

It's a simple message to all – keep left or be prepared for some ugly consequences. Do you have a conscience for getting yourself (& your crew) to and from home safely? There will be serious repercussions if you are caught doing this!

You don't do it on public roads, so why do it in the forest?

**Your Family Wants You Home!**
