Obligation to tell Pan Pac

- 10.3 The Contractor must tell Pan Pac immediately, and in writing, if any Conflict of Interest arises in relation to the Works or this Contract. If a Conflict of Interest does arise the Parties must discuss, agree and record in writing whether it can be managed and, if so, how it will be managed. Each Party must pay its own costs in relation to managing a Conflict of Interest.

11. Variations

- 11.1 The Contractor must carry out any Variations to the Works instructed in writing by Pan Pac. The Contractor must not vary the Works without an instruction in writing from Pan Pac.
- 11.2 Unless Pan Pac directs otherwise in writing, the value of the Variation must be agreed, or fixed by Pan Pac, prior to the Contractor commencing the varied work. If the Contractor and Pan Pac are unable to agree upon the value of a Variation, then Pan Pac will fix the value by referring to the Contractor's prices in relation to similar work under the Contract, if any, and/or what is fair and reasonable in the circumstances. The value of Variations will be added to or deducted from the Contract Price.
- 11.3 Pan Pac must issue a Variation where the Contractor has suffered delay or incurred additional cost caused by the following events:
 - (a) Any instruction issued by Pan Pac which varies the Works;
 - (b) The Contractor encountering on the Site physical conditions which substantially increase the cost to the Contractor, providing that such physical conditions are notified to, and inspected by Pan Pac prior to the Contractor continuing with the Works;
 - (c) Any default by Pan Pac under the Contract;

providing that such events could not have been foreseen by a contractor experienced in undertaking work of the nature of the Works and result in a change in the scope of the Works and the Contractor notifies in writing to Pan Pac that the Contractor considers such event involves a Variation within one week of the Contractor becoming aware of the event or its effects.

12. Time for Completion

Completion

- 12.1 The Contractor must commence the Works as soon as Pan Pac makes the Site available and the necessary consents are in place.

- 12.2 The Contractor must achieve Practical Completion by the Due Date for Completion as may be adjusted in accordance with the Contract.
- 12.3 Pan Pac must grant an extension of time to the Due Date for Completion if the Contractor is fairly entitled to an extension by reason of delays caused by:
- (a) any Variation; or
 - (b) any circumstances not reasonably foreseeable by an experienced contractor and not due to any default of the Contractor.
- 12.4 If it becomes evident to the Contractor that completion of the Works is likely to be delayed, the Contractor must notify Pan Pac as soon as possible and in any event no later than 5 Business Days of becoming aware of the relevant delaying event.
- 12.5 Pan Pac will not be obliged to grant any extension of time unless the Contractor has provided Pan Pac with notice in writing of the cause and details of the delay within the time specified at clause 12.4.

Practical Completion

- 12.6 “**Practical Completion**” means:
- (a) the stage when the Works are completed except for minor omissions and minor defects which in the opinion of Pan Pac:
 - (i) the Contractor has reasonable grounds for not promptly correcting;
 - (ii) do not prevent the Works from being used for the intended purpose; and
 - (iii) rectification of which will not prejudice the convenient use of the Works; and
 - (b) the Contractor has provided all documentation and any other information required under this Contract to Pan Pac in a form reasonably acceptable to Pan Pac.
- 12.7 The Contractor must notify Pan Pac in writing when it considers the Works are at the stage of Practical Completion.
- 12.8 Pan Pac must inspect the Works within five (5) Business Days of receiving the Contractor's notice. If Pan Pac considers that the Works are practically complete and the Contractor has complied with all of its other obligations under the Contract Pan Pac must issue a practical completion certificate. The practical completion certificate must state the date when Practical Completion was achieved and list any items Pan Pac has authorised to be completed after Practical Completion along with the date by which such items must be completed.

Final Completion Certificate

- 12.9 Pan Pac shall not unreasonably withhold a final completion certificate at the end of the Defects Liability Period, or once the Contractor has remedied all defects in the Works, whichever is the later.
- 12.10 No certificate issued by Pan Pac constitutes approval of any work or releases the Contractor from any obligation under the Contract. The Contractor shall remain liable for the fulfilment of any obligation of the Contractor under the Contract or at law which remains unperformed or not properly performed.

13. Defects Liability

- 13.1 The Defects Liability Period shall be a period commencing on the date of Practical Completion and will continue for twelve (12) months or until the issue of the final completion certificate.

- 13.2 If at any time prior to the expiry of the Defects Liability Period, the Works are found or suspected to be defective, the Contractor shall promptly remedy such defects. Any and all repair, replacement or remedial work undertaken by the Contractor pursuant to this Clause 13 shall be undertaken at the Contractor's own cost, risk and expense.
- 13.3 If the Contractor fails to remedy any defect or damage within a reasonable time, a date may be fixed by (or on behalf of) Pan Pac, on or by which the defect or damage is to be remedied. The Contractor shall be given reasonable notice of this date. If the Contractor fails to remedy the defect or damage by this notified date and this remedial work was to be executed at the Contractor's sole cost and expense, Pan Pac may at its sole discretion:
- (a) carry out the work itself or by others, in a reasonable manner and at the Contractor's sole cost and expense, and the Contractor shall pay to Pan Pac the costs reasonably incurred by Pan Pac in remedying the defect or damage;
 - (b) agree or determine a reasonable reduction in the Contract Price; or
 - (c) if the defect or damage deprives Pan Pac of substantially the whole benefit of the Works or any major part of the Works, terminate this Contract as a whole, or in respect of such major part which cannot be put to the intended use. Without prejudice to any other rights, under this Contract or otherwise, Pan Pac shall then be entitled to recover all sums paid for the Works or for such part (as the case may be) and the cost of dismantling the same, clearing the Site and returning plant and materials to the Contractor.

14. Default, Termination and Damages

- 14.1 If either the Contractor or Pan Pac fails to fulfil their respective obligations under this Contract, the other Party is entitled to notify the defaulting Party in writing of the default giving that Party twenty (20) Business Days to remedy the default. If after twenty (20) Business Days the default has not been remedied the Party that notified the default may notify in writing the termination of this Contract.
- 14.2 Notwithstanding the provisions of Clause 14.1, either Party may notify the other Party in writing that this Contract is terminated immediately if the other Party: (a) becomes bankrupt; (b) compounds with creditors; (c) makes an assignment for the benefit of creditors; (d) goes into liquidation; or (e) has a receiver appointed or similar process in any jurisdiction provided that the same is not frivolous or vexatious.

Consequences of termination or expiry of this Contract

- 14.3 If Pan Pac terminates this Contract due to the Contractor's default, Pan Pac may procure, upon such terms and in such manner as Pan Pac may deem appropriate to reasonably meet the requirements of Pan Pac under the circumstances, works similar to the Works and the Contractor shall pay Pan Pac: (i) the difference between the price paid for all such similar works and the Contract Price; and (ii) all other reasonable costs incurred by Pan Pac as a result of remedying any Contractor default, including the remedy of any defect.
- 14.4 The Contractor shall assist Pan Pac if procurement action is necessary as a result of its default.
- 14.5 The Contractor shall be entitled to payment for Works performed prior to the effective date of such termination and shall pay Pan Pac any amounts paid in advance to the Contractor for work not done by the Contractor.

Obligations of Contractor

- 14.6 Upon termination, the Contractor must:
- (a) stop the Works;
 - (b) comply with any conditions contained in the termination notice;
 - (c) immediately do everything reasonably possible to reduce its losses, costs and expenses arising from the termination of this Contract;

- (d) immediately return or securely destroy all Confidential Information and other material or property belonging to Pan Pac.

14.7 The termination of this Contract does not affect those rights of each Party which: (a) accrued prior to the time of termination, or (b) relate to any breach or failure to perform an obligation under this Contract that arose prior to the time of termination.

Consequential Loss

14.8 Under no circumstances whatsoever will Pan Pac be liable to the Contractor for any indirect or consequential loss and/or expense (including loss of profit).

15. Intellectual Property Rights

Ownership of Intellectual Property Rights

15.1 Pre-existing Intellectual Property Rights remain the property of their current owner.

15.2 New Intellectual Property Rights that may subsist in the Works become the property of Pan Pac when they are created.

15.3 The Contractor hereby grants to Pan Pac a non-exclusive, irrevocable, royalty free licence to any and all such Intellectual Property Rights that may subsist in the Works (or any portion of the Works,) for use in connection with the design, installation, commissioning, operation, maintenance, repair, alteration and modification of the Works (or any portion of the Works).

15.4 The Contractor warrants that Pre-existing and New Intellectual Property Rights provided by the Contractor and incorporated in the Works do not infringe the Intellectual Property Rights of any third party.

15.5 The Contractor shall indemnify Pan Pac against any losses, costs, expenses or damages incurred by Pan Pac, and its respective officers, directors, employees, agents and representatives as a result of any infringement of Intellectual Property Rights in relation to the Works (or any portion of the Works).

16. Disputes

16.1 If either Party notifies the other in writing of any dispute arising out of or in relation to the Contract, the Parties must in good faith endeavour to resolve the dispute. The Parties may agree to use a mediator.

16.2 If the dispute is not resolved within twenty (20) Business Days after the date of the notice of dispute, then unless both parties agree otherwise, the dispute must be referred to a sole arbitrator, to be agreed between the parties or appointed under the procedures of the Arbitration Act 1996, for resolution in accordance with the Arbitration Act 1996.

17. Confidential Information

19. Force Majeure Events

No fault if failure due to a Force Majeure Event

19.1 Neither Party will be liable to the other for any failure to perform its obligations under this Contract where the failure is due to a Force Majeure Event.

19.2 It is specifically understood that none of the following conditions shall constitute a Force Majeure Event:
